

Mobile Edge Sharpening

Mail Order Service Form

Thank you for considering Mobile Edge Sharpening for your sharpening needs.

We are certified sharpeners, and using state of the art sharpening equipment, we are able to restore most shears to "like new" condition using traditional and contemporary methods.

Our quick and reliable service has your equipment returned within 3 - 4 business days; excluding shipping time which will vary depending on location.

Instructions:

1. Wrap scissors or shears in material that will keep them protected during transit; like old newspaper or a padded envelope if they do not have a case. Clipper blades should be wrapped similarly, or placed in a blade box.
1. Fill out the order form on the other side of this paper, making sure to print all information clearly.
2. Place all items to be sharpened along with this form in a USPS Flat Rate Priority Mail Box or Priority Padded Envelope which are available at your local post office. Be sure to tape all ends securely! (Mobile Edge Sharpening is not responsible for lost or damaged items while in transit.)
3. Fill out and affix the USPS Priority Mail Shipping Label to the package. (USPS flat rate shipping also covers \$50 of shipping insurance. Additional insurance can be purchased.)
4. Take your package to your local post office for it to be shipped and paid for.

Are My Shears Convex or Bevel?

Most commonly, if the blade of the shear looks similar to the top picture on the left then it's convex. However, if the blade of the shear looks like the picture on the bottom left then it's a bevel. Typically, a convex shear blade has no obvious angles from the spine to the cutting edge.

NOTE: If you are a hair stylist, your shears are more likely to be convex with a hone line than a bevel without a hone line.

If you are a groomer it is likely that you'll have a mix of convex and bevel shears.

Still not sure? Estimate with the Convex- honed shear price. If it's a bevel- non-honed shear we'll adjust the price accordingly.

Take your package to your local post office for it to be shipped and paid for.
